Refer to: Letter from EPA to R. Sinise--2/25/80

Dear Mr. Mensing:

Your letter requested data from W. G. Krummrich concerning our on-site waste disposal facilities as referenced in the Eckhardt Report. W.G. Krummrich Plant has had three on-site disposal facilities since 1950. A copy of the Eckhardt report summary for each of these three sites is attached (Addendum A). This summary represents our best knowledge concerning quantity and composition of the waste and the time frame the facility was in use.

The landfill site used from 1957 to 1973 is the landfill your office and the Federal EPA visited several months ago. Geologic, monitoring, closure procedures, and location has been transmitted to you in two separate letters since that visit. The only additional information available is the attached summary of the hydrogeologic data (Addendum B) made by D'Appoloma Engineering.

The second landfill was used from 1950 to 1957. Enclosed is a plant map that indicates the location of this site (Addendum C). Geologic information, closure procedures, and groundwater data is not existing for this site. This site is now covered by a parking lot and a process plant.

The third facility is an incinerator that was operational from 1971 to 1977. The information you requested is not applicable to this site. Please indicate if there is any special information required for the incinerator.

Sincerely,

*R. Sinise*

Richard H. Sinise
